CLIENT

MONTHLY HOSTING / \$50

THE HOSTING

Our dedicated server features state of the art equipment, with the latest Intel processor, all backed by our company to the cloud. Our server is located in Westlake Village, CA, meaning customers in California connect to your website at the highest speeds. [Learn more here.](#)

CDN

Your monthly hosting plan includes a content delivery network. This means quicker load times and accelerated website optimization that will help your site rank higher on search engines like Google or Bing! [Learn more here.](#)

BLOG/GALLERY

The monthly hosting plan includes weekly updates to your website's blog and gallery. This makes sure that any other content updates on the site are always up to date, which is important for a professional-looking appearance! [See example here.](#)

MAINTENANCE

Your website will have the latest updates and tweaks applied to it 24/7 by TAG Media Space. You'll get all of your questions answered in no time at all, so you can focus on what matters most: running a successful business!

24/7 SUPPORT: (805) 258-0000 | TAHOR@TAGMEDIASPACE.COM

CLOUD BACKUP

Your monthly plan includes backups to the cloud. Your site will always be secure in case of any errors, and you can rest assured knowing it's just a click away from being restored!

PLUGIN LICENSE

A monthly plan includes a license for all plugins used on the website. You get future updates from the developer as new ones come out.

ANALYTICS REPORT

Your monthly hosting plan includes a performance report emailed to you every 30 days. [See example here.](#)
